Amateur Radio Introduction and Preparation for the FCC Technician and General Class License Exams

Do you want to explore the airwaves, join a global community of people enjoying meeting others? Perhaps get involved with local emergency communications and services, or learn and teach about today's electronics? The Clark County Amateur Radio Association (CLARA, an American Radio Relay League (ARRL) affiliated organization with over 75 years history in the community) is conducting a class to prepare you for the FCC Technician and General Class Amateur Radio licenses. You'll cover the topics included on the FCC examination and gather the knowledge needed to pass the test and build your first amateur radio station using American Radio Relay League (ARRL) course materials. CLARA will conduct an optional FCC authorized examination session at the end of the class. Imagine yourself on the air in about two months! For ages 11 and up (or younger, if accompanied by an interested adult.)

CCPL CLARK COUNTY PUBLIC LIBRARY

Class sessions meet on Saturdays from 10 AM to 12 PM at the following locations:

ENON BRANCH • 209 E. Main St, Enon OH (937) 864-2502 on January 16, 23, 30; February 13, 20, 27; and March 13 and 20, 2027

MAIN LIBRARY • Warder Room 201 S. Fountain Ave., Spfld. OH (937) 328-6903 on February 6 and March 6, 2027

Reserve your seat in the class by sending an email to clara.w8og@gmail.com. Please indicate if you want to purchase the discounted ARRL Ham Radio License Manual 6th Edition (Technician) or ARRL General Class License Manual 10th Edition in your email (copies are also available at the library). Students will be directed to useful online resources, but no computer is required. The optional Volunteer Examiner (VE) test session will be offered at the end of the course, for a fee. For additional information, email info@w8og.org or call (937) 605-4951.
